

HI, I'M YOUR NEW CHAMELEON

**WE CAN BE FRIENDS, IF YOU FOLLOW THESE TEN BASIC RULES.
YOU ALSO NEED TO KNOW FEW IMPORTANT THINGS ABOUT ME...**

1

**I'M NOT A PET,
I'M NOT YOUR TOY**

I'm a lizard. I don't like touching. I feel best in my terrarium. If you need to take me out, give me please a twig and I will go with you.

2

**MY TERRARIUM
SHOULD
IMITATE
MY NATURAL
ENVIRONMENT
AS CLOSE AS
POSSIBLE**

A big mesh terrarium is best. I need safe living plants and many tiny branches, no substrate. Right lighting simulating sun is necessary for me. Lighting put on the top of terrarium; not inside.

I need right temperature in my terrarium. Warm days and cold foggy nights.

3

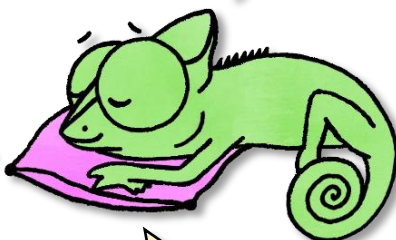

**MY DAY IS SIMILAR
TO YOURS**

I'm active during the day.

HA - HA!

I sleep at night. Don't disturb me and don't shine light on me.

4

**DON'T OVERHEAT
ME PLEASE**

I only bask in the morning and evening. During the day, I need a temperature like in your room.

At night I like to sleep in the cold and in the fog.

5

**I'M JUST AN
INSECTIVORE**

Crickets and flies are best. Sometimes, I can eat small locusts or roaches, no worms. Never feed me fruits or vegetables: they are not healthy for me.

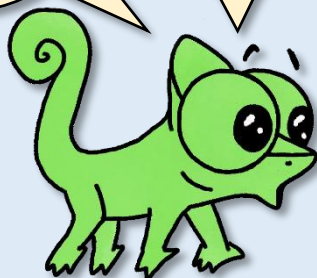

6

DON'T GIVE ME TOO MUCH TO DRINK, DON'T BATH ME

Fog at night gives me almost all the water I need. I will drink a little only if you give me fog.

I hate the touch of water! Don't spray it on me! Don't bath me!!!

7

DON'T OVERFEED ME PLEASE

But when I'm adult, you should feed me only one cricket per day. When I become fat, I'll be sick. :(

When I'm young, I can eat as much as I want. :)

8

I NEED CALCIUM, VITAMINS AND BEE POLLEN

Give me calcium and bee pollen with each feed, but vitamins only once every 14 days.

9

OTHER PETS ARE NOT MY FRIENDS

I'm afraid of other animals. Don't try to make me friends with them. I get very stressed! Stress can kill me!

10

TAKE ME TO THE VET IF I DON'T LOOK WELL

Never give me medicine yourself!

If I'm sick I need a vet. But the vet must be a reptile specialist.

WOULD YOU LIKE TO KNOW MORE ABOUT ME? ASK YOUR PARENTS TO HELP YOU FIND MORE INFORMATION.
